JU'COBY PITTMAN-PEELE

Dear Mr. Winkler,

On behalf of the Clara White Mission Staff, I would like to thank you for allowing your organization to fulfill the wishes of our youth program, Greater Expectations. Your generous fundraising donation will be put to great use.

As you know, Clara White Mission is non-profit organization that specializes in helping the less fortunate get back on their feet to continue being an intricate part of our society. We believe that our youth need to be exposed to what makes our society so intricate and how as adults, when they grow up, to become part of that society.

It is because of organizations, such as yours, that keeps our doors open. Once again thank you for allowing your personnel to assist us in assisting others.

We look forward to a positive partnership with your organization. And again, thank you for your time.

Sincerely,

**Bob Stone,
Director of Program Operations**
